PROFILE SUMMARY

User-centered and performance-driven Frontend Developer with hands-on experience in modern web technologies. Proficient in Angular (v18), React, TypeScript, SCSS, and the JavaScript ecosystem to build responsive, scalable, and high-performance web applications. Solid foundation in C# and .NET backend concepts, actively integrating RESTful APIs. Experienced with Git, Jira, Confluence, and Figma in Agile/Scrum workflows. Committed to clean code architecture, accessibility, and continuous professional growth.

WORK & INTERNSHIP EXPERIENCE

Kutahya Dumlupinar University - IT Department | Software & IT Support Intern

01/2025 – 06/2025 | Kutahya

- Participated in enterprise web platform updates, user support operations, and data security procedures.
- Assisted in software testing, contributing to quality assurance (QA) and defect identification workflows.
- Continued working voluntarily following mandatory internship, taking responsibility in system maintenance.

Erametric IT Services Co. | Software & RPA Intern

09/2024 – 11/2024 | Istanbul

- Designed and implemented RPA automation workflows using UiPath to streamline repetitive business tasks.
- Participated in sprint planning, task tracking, and technical documentation using Jira and Confluence (Agile/Scrum).
- Collaborated closely in cross-functional team workflows, evaluating user feedback and providing technical support.

FEATURED PROJECTS

Personal Portfolio Website | Angular 18, TypeScript, SCSS, SSR

[Live Demo](#) | [GitHub](#)

- Built from scratch using standalone components and Angular SSR; features smooth animations, SEO optimization, and mobile responsiveness.

Blaze Outdoor E-Commerce | React, TypeScript, Vite, CSS3

[Live Demo](#)

- Modern e-commerce web platform for outdoor gear and trail running footwear, featuring dynamic product catalogs and responsive layout.

Enterprise CMS Admin & Public Platform | Angular, PrimeNG, i18n, SCSS

[Admin](#) | [Public UI](#)

- Developed administration panel (auth, news management) and public portal with dynamic sliders, detailed views, and i18n multi-language support.

Enterprise Workplace Training (IME) Project | Angular, SCSS, GitLab

GitLab (Private)

- Enterprise frontend implementation featuring modular UI component architecture, state handling, and responsive interface design.

TECHNICAL SKILLS

Frontend:	Angular (v18), React, TypeScript, JavaScript (ES6+), HTML5, SCSS, CSS3, Responsive Design
Backend & Data:	C#, .NET (Core Concepts), RESTful API Integration, JSON
Tools & Practices:	Git, GitHub, GitLab, Jira, Confluence, Figma, UiPath (RPA), Agile / Scrum, VS Code
Other Skills:	Unity (C# Game Dev & UX), Component-Driven Architecture, Web Security Fundamentals (CTF)

EDUCATION

Kutahya Dumlupinar University

B.Sc. in Computer Engineering | 2020 – 06/2025

Anatolian High School | 2016 – 2020

LANGUAGES & CERTIFICATES

- English: B2–C1 (Professional Working)
- Azerbaijani: Fluent | Turkish: Native
- Hacker101 CTF: Successfully solved 60 of 75 flags
